

# WALK FOR LIFE WEEKEND

## WALKER PLANNING GUIDE

### EQUALLY INVALUABLE

## Walk for Life

Jesus once placed a little child in front of His disciples, holding the child up as an example of a true citizen of heaven (Mt. 18:1-3). He then proceeds to connect a disciple's careful acceptance of that child with the heavenly Father's acceptance of the disciple (Mt. 18:5-6). Jesus emphasizes that a disciple ought not to "despise one of these little ones, for I say to you that their angels in heaven continually see the face of My Father who is in heaven" (Mt. 18:10). One may argue about Jesus' definition of who the little child is supposed to represent, but the plain reading of the circumstance shows that He put a little child in front of His disciples and told them that God is intensely interested in his welfare and that true Jesus followers will be too. And with the child still in front of them, **Jesus summarizes life in the kingdom of God saying, "So it is not the will of your Father who is in heaven that one of these little ones perish" (Mt. 18:14).**

Today in America, the voice of a preborn child is muted by the womb. The preborn boy or girl is afflicted by the propaganda of the powerful. Unless someone speaks for those babies, unless someone leverages their resources on behalf of those children, they will die.

In a post-Roe America, the Walk for Life Weekend is a two-day event, forging a more pro-life NY by 1) raising awareness about the equal value of all humans and 2) raising the funds to serve 50% more women and their preborn babies. \$877,000 is needed to add **two more service areas: the Capital Region and online through telemedicine.**
